

General

How do I get a 30-day trial or purchase license?

Activation of a trial license for 60,000 images and subsequent purchase possible.

Note that a license is always valid for a database. ([Use the database over the network](#))
If you want to use several computers independently, please purchase separate licenses.

In PictureGuide, go to **Settings > License**.

General

General

For 30-Day Trial License

checkbox, check: **Request a 30-Day Trial License**, accept the agreements, and click **Execute Action**.

For License Purchase

checkbox, check: **Buy/Extend License**, accept the **agreements**, and click **Execute Action**. You will then be automatically redirected to the store for further purchase settings and pricing. No booking is made before the purchase process is completed.

By the way, you don't need a customer account or anything like that.
You can pay by bank account, credit card or via the payment service PayPal.
Purchase on account is also possible.
